

**VINCITORI PROGETTO GIOVANI  
49° CONGRESSO SIN ROMA 2018**

COGNOME	NOME	CITTA'	AFFILIAZIONE	TITOLO
Abbadessa	Gianmarco	Napoli	Università della Campania "Luigi Vanvitelli"	The impact of new diagnostic criteria for Multiple Sclerosis on clinical practice : an online survey.
Abu Rumeileh	Samir	Bologna	University of Bologna	DIAGNOSTIC VALUE OF CEREBROSPINAL FLUID BIOMARKERS IN PATIENTS WITH FRONTOTEMPORAL DEMENTIA SPECTRUM
Acampora	Roberto	Monza	Università degli studi Milano-Bicocca	Increased diazepam binding inhibitor (DBI) serum levels in delirium patients: preliminary observations.
Africa	Liana Maria	Siena	Università degli Studi di Siena	Biallelic mutations in PNPLA6 in a patient with late-onset ataxia and hypogonadotropic hypogonadism
Allegorico	Lia	Napoli	UNIVERSITÀ DELLA CAMPANIA "LUIGI VANVITELLI"	Successful long-term therapy with flecainide in a family with paramyotonia congenita.
Altomare	Sergio	Bari	University of Bari	Persistent migraine aura without infarction: a diet supplement as a possible new therapy
Andreini	Ilenia	Piegajo Pescaglia	Siena	A very insidious case of anti-MuSK Myasthenia Gravis.
Angelocola	Stefania Martina	Ancona	Marche Polytechnic University	DIABETIC RADICULOPLEXUS NEUROPATHIES: FAVORABLE OUTCOME FOLLOWING CORTICOSTEROID THERAPY
Arru	Mauro	Cagliari	Cagliari	Relationship between cortical grey matter volume and cognitive impairment perception in Multiple Sclerosis
Artusi	Carlo Alberto	Torino	Università di Torino	Botulinum toxin for Pisa syndrome in Parkinson disease: MRI, US, and EMG approach
Ascoli	Michele	Catanzaro	Magna Graecia	SEIZURES WITH MIGRAINE-LIKE ATTACKS AFTER RADIATION THERAPY (SMART). A NEW MEANING OF AN OLD ACRONYM
Avenali	Micol	PAVIA, ITALY	Department of Brain and Behavioural Sciences, University of Pavia	Evolution of prodromal parkinsonian features in a cohort of GBA mutation positive individuals. A 6-year longitudinal study.
Azzolini	Federica	Firenze	Università degli Studi di Firenze	Juvenile recurrent strokes in a mixed HCV- related polyarteritis nodosa and cocaine-induced Moyamoya-like syndrome
Baiardi	Simone	Bologna	University of Bologna	Prion-related peripheral neuropathy in patients with sporadic Creutzfeldt-Jakob Disease VV2 and MV2K
Baldelli	Enrico	Brescia	UNIBS	Lambert-Eaton Myasthenic Syndrome and IgG4-Related Disease - A Possible Novel Association
Balestrini	Simona	London	University College of London	The impact of precision medicine in genetic epilepsies
Balestrino	Roberta	torino	torino	LONG-TERM SURVIVAL IN RECURRENT BRAIN METASTASIS FROM A NEUROENDOCRINE TUMOR OF UNKNOWN ORIGIN: A CASE REPORT
Barbagallo	Gaetano	Catanzaro	Magna Graecia University	Increased of Scyllo-Inositol levels in the Supplementary Motor Area of patients with Progressive Supranuclear Palsy: a preliminary proton MR spectroscopy study
Barocco	Federica	Gazzaniga (BG)	Briolini Hospital - FERB ONLUS	Cognitive training combined with repetitive transcranial magnetic stimulation in the treatment of Mild Cognitive Impairment

**VINCITORI PROGETTO GIOVANI  
49° CONGRESSO SIN ROMA 2018**

COGNOME	NOME	CITTA'	AFFILIAZIONE	TITOLO
Barone	Stefania	Catanzaro	University Magna Graecia	Multimodal assessment of normal-appearing corpus callosum is a useful marker of disability in relapsing-remitting multiple sclerosis: an MRI cluster analysis study
Bartesaghi	Francesca	Milan	University of Milan	FLORBETABEN-PET IN EARLY-ONSET ALZHEIMER'S DISEASE: A CASE REPORT
Bartolini	Yerma	Parma	Università degli studi di Parma	Non-convulsive status epilepticus during Toscana virus encephalitis: a case report
Baschi	Roberta	Palermo	Università degli Studi di Palermo	Mild Behavioral Impairment in Parkinson's Disease: data from the PArkinson's disease COgnitive impairment Study
Battaglia	Giulia	Catania	Università degli studi di Catania	Imitators of epileptic seizures: a video challenge for non-epileptologists experienced physicians
Bellinvia	Angelo	Florence	University of Florence	Anti-MOG antibodies associated demyelinating disorders - Three case reports.
Bellofatto	Marta	Naples	Federico II	APPROPRIATENESS OF NEUROPSYCHOLOGICAL TESTING REFERRAL IN CAMPANIA: A SINGLE CENTER EXPERIENCE
Benato	Alberto	Padova	University of Padova	Subthalamic and pallidal deep brain stimulation for status dystonicus: a single center experience.
Benussi	Alberto	Brescia	Università degli Studi di Brescia	Clinical and Biomarker Changes in Presymptomatic Genetic Frontotemporal Dementia
Bertolotti	Claudio	Trieste	University of Trieste	Cardiac metaiodobenzylguanidine (MIBG) SPECT in differential diagnosis of parkinsonisms: a ten-years retrospective study
Bianchi	Alessia	Palermo	Università di Palermo	Multiple sclerosis and migration: a comparison between patients living in Sicily and born in different Countries
Bombaci	Alessandro	Turin	Turin University	Differential diagnosis in a patient with ingravescent dysarthria
Bonomo	Roberta	Catania	University of Catania	Minimal Clinically Important Change in levodopa-response detecting motor fluctuations in PD patients: usefulness of base-peak evaluation in clinical practice.
Bonvegna	Salvatore	Messina	di Messina	Subthalamic deep brain stimulation: pre-operative predictors of low-frequency stimulation retention.
Bortolani	Sara	Torino	Università di Torino	Brain metastasis from Hodgkin's Lymphoma: case report and literature review
Bozzoni	Virginia	Padova	Università degli Studi di Padova	MYASTHENIC CRISIS AS A POSSIBLE TRIGGER FOR TAKO TSUBO SYNDROME.
Brajkovic	Simona	Como	University of Varese	A neurological challenge: autoimmune encephalitis or acute psychosis in a patient with a history of Clinically Isolated Syndrome?
Brigandi'	Amelia	Messina	University of Messina	Awareness and behavioral and psychological symptoms of dementia (BPSD) impact in Alzheimer's disease
Bruno	Giorgia	Napoli	Università degli Studi della Campania "Luigi Vanvitelli"	Expanding the mutation spectrum of Caveolinopathies: a novel heterozygous missense mutation in CAV3 gene causing idiopathic persistent hyperCKemia and dyslipidemia.

**VINCITORI PROGETTO GIOVANI  
49° CONGRESSO SIN ROMA 2018**

COGNOME	NOME	CITTA'	AFFILIAZIONE	TITOLO
Brusa	Roberta	Milano	Università degli Studi di Milano	Successful mechanical thrombectomy of M1 occlusion in paediatric stroke: a case report.
Cabona	Corrado	Genova	Università degli Studi di Genova	Interplay between spinal cord and cerebral cortex metabolism in amyotrophic lateral sclerosis
Calvi	Alberto	Milano	Università degli Studi di Milano	Slowly evolving lesions and relation to disability in a secondary progressive multiple sclerosis (SPMS) cohort
Camera	Valentina	Modena	Università degli studi di Modena e Reggio Emilia	Performance of the 2010 and 2017 revised McDonald criteria in an italian retrospective cohort of patients with Clinically Isolated Syndrome
Canosa	Antonio	Turin	University of Turin	Lifetime Sport Practice and Brain Metabolism in Amyotrophic Lateral Sclerosis: a 18F-FDG-PET study
Capaldo	Guglielmo	NAPOLI	UNIVERSITA' DELLA CAMPANIA "LUIGI VANVITELLI"	Novel SLC20A2 gene mutation causing idiopathic basal ganglia calcification in Ukrainian patient
Capuano	Rocco	Napoli	Università della Campania	Patterns of regional changes in thalamic shape and volume are related to performance in specific cognitive domains in MS
Caputo	Francesca	Bari	University of Bari	Aggressive treatment for aggressive multiple sclerosis. A case report.
Carandini	Tiziana	Milano	Università degli Studi di Milano	Application of the AT(N) classification system in a large cohort of Italian patients with cognitive impairment: from biological biomarkers to clinical syndromes
Caria	Filomena	Brescia	University of Brescia	A CLINICAL, GENETIC AND FUNCTIONAL STUDY IN A FAMILY WITH AUTOSOMAL RECESSIVE BETHLEM MYOPATHY
Casaglia	Elisa	Cagliari	degli studi di Cagliari	Ischemic Stroke caused by Internal Carotid Artery Dissection during Pole Dance
Casagrande	Silvia	Florence	Florence University	A CASE OF OVERLAP MYOSITIS ASSOCIATED WITH ANTIBODIES TO NUCLEAR PORE COMPLEXES: ANTI-NUP SYNDROME REALLY EXIST
Caselli	Maria Chiara	pisa	università di pisa	Vertebral Artery Stump Syndrome. Case Report
Casertano	Sara	Napoli	Luigi Vanvitelli	Alemtuzumab therapy in a case of Balò's Concentric Sclerosis
Cavalli	Michele	Milan	University of Milan	MATR3-related distal myopathy: report of first family from Italy and review of the literature.
Cavalli	Salvatore Maria	Catanzaro	Magna Grà'cia University	Recurrent encephalopathies as the main manifestations of Neuro-SLE
Cellerino	Maria	Genova	University of Genova	Relationship between retinal inner nuclear layer thickness and age
Cerrone	Paolo	L'Aquila	Università degli Studi Dell'Aquila	MR-guided Focused Ultrasound (MRgFUS) in the treatment of Essential Tremor and Parkinson Disease: a single-center experience
Cheli	Marta	Trieste	University Hospital and Health Services of Trieste	Anti-Hu antibodies-related paraneoplastic motor neuron disease associated with limbic encephalitis: a case report.

**VINCITORI PROGETTO GIOVANI  
49° CONGRESSO SIN ROMA 2018**

COGNOME	NOME	CITTA'	AFFILIAZIONE	TITOLO
Cicero	Calogero Edoardo	Catania	University of Catania	Cardiac autonomic function and MCI in Parkinson's disease. The PaCoS study.
Ciulli	Ludovico	Modena	Modena University Hospital	Treatment of M2 occlusion. A retrospective analysis of a single center experience.
Cocchi	Simona	Brescia	Università degli Studi di Brescia	Behavioral and Psychological Symptoms in Dementia: relationship between agitation and cognitive impairment in Alzheimer's disease.
colucci	fabiana	Ferrara	UNà'niversità di Ferrara	AGE OF MENARCHE AND RISK OF MULTIPLE SCLEROSIS: RESULTS THE EnvIMS STUDY
Contento	Margherita	Florence	University of Florence	A subacute encephalopathy responsive to a gluten-free diet as the initial presentation of celiac disease
Cosenza	Domenico	messina	messina	CAN THE FOAM CELLS AID TO DETERMINATE CLOTS ETIOLOGY?
Costantini	Gianfranco	Torino	Torino	Synaptic pathology and plasticity in active grey matter demyelinating lesions in Multiple Sclerosis
Cotta Ramusino	Matteo	Pavia	University of Pavia	CORTICAL ATROPHY SCALES IN SUBJECTS WITH MILD COGNITIVE IMPAIRMENT CHARACTERIZED FOR AMYLOIDOSIS
Cotti Piccinelli	Stefano	BRESCIA	UNIVERSITÀ DI BRESCIA	ATYPICAL INFANTILE-ONSET GLYCOGENOSIS VII WITH SEVERE FIXED MYOPATHY: A CLINICAL AND MRI STUDY
Covelli	Antonio	Siena	Università degli Studi di Siena	A new mutation in a case of Muscular Dystrophy Dystroglycanopathy (MDGG) overlapping Congenital Myasthenia Syndrome (CMS)
Cuffaro	Luca	Palermo	University of Palermo	Niemann-Pick Type C Disease: just a rare inherited metabolic disease or also a form of dementia early-onset?
Cutelle'	Claudia	Monza	Milano-Bicocca	EXTENSIVE SUBACUTE SPINAL CORD DEGENERATION, PERIPHERAL NEUROPATHY AND OPTIC ATROPHY OVERLAPPING IN A CELIAC AND ULTRA-VEGAN YOUNG WOMAN: A CASE REPORT
D'Acunto	Laura	Salerno	Trieste	Cerebral perfusion-computed tomography in the challenge of acute migrainous aura in Emergency Department
Dato	Clemente	Napoli	Università degli Studi della Campania "Luigi Vanvitelli"	Clinical, radiological and molecular assessment of a case of Cerebrotendinous Xanthomatosis linked to a new mutation of the CYP27A1 gene
De Angelis	Nicoletta	Siena	Università degli Studi di Siena	A case of reversible cerebral vasoconstriction syndrome and cavernous hemangioma: just a coincidence?
De Icco	Roberto	Pavia	Università degli Studi di Pavia	Transcranial direct current stimulation as add-on therapy in the detoxification of patients with chronic migraine and medication overuse headache: clinical and EEG findings
De Luca	Ciro	Pisa	Università di Pisa	Neuro-infundibulum-hypophysitis presenting with SUNCT-like headache
De Rosa	Anna	Pisa	University of Pisa	Neuromyotonia in thymoma associated Myasthenia Gravis: a clinical and serological study
Degan	Diana	L'Aquila	Università degli Studi dell'Aquila	INCIDENCE AND LONG-TERM PROGNOSIS OF TRANSIENT ISCHEMIC ATTACK: RESULTS FROM A POPULATION-BASED STUDY

**VINCITORI PROGETTO GIOVANI  
49° CONGRESSO SIN ROMA 2018**

COGNOME	NOME	CITTA'	AFFILIAZIONE	TITOLO
Demichelis	Chiara	Genova	Università di Genova	Neuromuscular complications following target therapy in cancer patients
Demonte	Giulio	Catanzaro	"Magna Graecia" University	Involvement of the optic nerves in a non-treated patient with mild Phenylketonuria (mPKU): a case of false intracranial hypertension.
Di Donato	Ilaria	Siena	Università degli Studi di Siena	Genotype-phenotype correlation in CADASIL: Clinical and MRI study in 73 patients.
Di Liberto	Alessandra	Torino	Torino	Emergent carotid stenting in endovascular management of acute ischemic stroke with tandem occlusion: a single center experience.
Di Marco	Salvatore	Palermo	Palermo	Increased motor intracortical excitability in essential tremor: a TMS study
Di Pietro	Andrea	Naples	University of Campania "L. Vanvitelli"	Multiple cerebral proteinoses in a patient with atypical dementia: clinico-pathological correlates
Di Stefano	Vincenzo	Chieti	Università G. d'Annunzio di Chieti-Pescara	Dropped head syndrome: a report of a case arose 33 years after radiotherapy
Diamanti	Luca	Pavia	Università di Pavia	Neuromuscular syndromes related to checkpoint inhibitors (CIs): description of three cases.
Diamanti	Susanna	milano	Università degli Studi Milano Bicocca	ALS Cognitive Behavioral Screen (ALS-CBS): Italian Normative Values
Dinoto	Alessandro	Trieste	University Hospital and Health Services of Trieste	Nursing management for naive multiple sclerosis patients: did first-line oral medications modify educational time?
Doneddu	Pietro Emiliano	Rozzano (Milano)	Università degli Studi di Milano	Atypical CIDP: frequency, treatment response and predictive factors for progression. Data from the Italian CIDP Database
Ercoli	Tommaso	Cagliari	University of Cagliari	Hashimoto, is that you? A case of non-convulsive status epilepticus in autoimmune encephalopathy
Evangelista	Luana	L'Aquila	University of L'Aquila	AN OBSERVATIONAL STUDY OF ACUTE STROKE CARE IN THE STROKE UNIT OF THE AVEZZANO HOSPITAL - ITALY (2013-2018)
Falcicchio	Giovanni	Bari	University of Bari "Aldo Moro"	THE CHALLENGING CASE OF A MISDIAGNOSED LONG-LASTING JUVENILE METACHROMATIC LEUKODYSTROPHY
Farina	Antonio	Firenze	Università degli studi di Firenze	An ocular form of myasthenia gravis with negative single-fiber electromyography
Favaretto	Silvia	Castelfranco Veneto (Treviso)	University of Padua	A new HTRA1 mutation associated with autosomal-dominant variant of CARASIL: are we pointing towards a disease spectrum?
Favoni	Valentina	Bologna	Department of Biomedical and NeuroMotor Sciences (DINM) - Alma Mater	Transverse sinus stenosis in refractory chronic headache patients: a prospective observational study
Felica	Vincenzo	Bari, Italy	University of Bari	Anti-MOG positive encephalomyelitis: going beyond the NMO and Multiple Sclerosis? An unusual case of demyelinating disorder
Femiano	Cinzia	Naples	University of Study of Campania "L. Vanvitelli"	Frontotemporal degeneration in amyotrophic lateral sclerosis (ALS): a longitudinal RS-fMRI and VBM one-year study.

**VINCITORI PROGETTO GIOVANI  
49° CONGRESSO SIN ROMA 2018**

COGNOME	NOME	CITTA'	AFFILIAZIONE	TITOLO
Ferrante	Camilla	Chieti	G. D'Annunzio	Spastic Tetraparesis in a patient with Incontinentia Pigmenti: perinatal suffering or spectrum of the disease?
FERRARO	MANFREDI	TORINO	UNITO	A RARE CASE OF LGMD CORRELATED WITH POGlut1 MUTATION: A CASE REPORT
Ferri	Lorenzo	Bologna	Bologna	Effect of skin conductance biofeedback on inter-ictal magnetoencephalographic functional connectivity in drug resistant temporal lobe epilepsy: a proof-of-concept study.
Ferrigno	Giulia	Catanzaro	"Magna Grà   cia" University of Catanzaro, Viale Europa	Cerebral venous thrombosis due to EPN-like mechanism in a multiple-sclerosis patient treated with alemtuzumab.
Fileccia	Enrico	Bologna	Università di Bologna	Effects on cognition of 20-day anodal transcranial direct current stimulation over the left dorsolateral prefrontal cortex in patients affected by mild cognitive impairment: a case control study.
Filippi	Laura	Genova	Scuola di specialità di neurologia	Does demographic and global clinical information affect brain amyloidosis? Preliminary results in a naturalistic series.
Filippini	Stefano	Firenze	Firenze	A peculiar case of ocular motor dysfunction with fatigability of gaze
Fiori	Chiara	Ancona	/	QUALITATIVE ANALYSIS OF REY FIGURE COPY TYPE B IN LEWY BODY DEMENTIA AND ALZHEIMER DISEASE: AN USEFUL TOOL FOR DIFFERENTIAL DIAGNOSIS.
Floro	Stefano	Milan	University of Milan	POST OPERATIVE COGNITIVE DISFUNCTION IN PARKINSON DISEASE PATIENTS: A RETROSPECTIVE STUDY
Fortunato	Francesco	Catanzaro	Magna Graecia University	Prevalence of Hippocampal Malrotation in healthy subjects and in patients with Temporal Lobe Epilepsy: a prospective study
Foschi	Matteo	Bologna	Alma Mater Studiorum, University of Bologna	Broadening the spectrum of adulthood x-linked adrenoleukodystrophy: two new clinical phenotypes.
Fragiacomo	Federica	Padova	University of Padova	Late-onset hemorrhagic leukoencephalitis (AHLE): an unusual cause of rapidly progressive cognitive impairment
Francalanza	Isabella	Messina	Messina	Acute stroke treatment in patients with Basilar Artery Occlusion. A "mothership" way clinical series.
Franchino	Federica	Turin	University and City of Health and Science Hospital of Turin	CLINICO-RADIOLOGICAL, THERAPEUTIC AND PROGNOSTIC FEATURES OF PCNSL OF THE ADULT: RESULTS FROM AN INSTITUTIONAL SERIES
Francioni	Valentina	Monza	Milano Bicocca	Hyper-acute infarction of the Percheron artery: time is thalamus
Fratangelo	Roberto	Firenze	University of Florence	Subdural hemorrhage due to lupus anticoagulant-hypoprothrombinemia syndrome as an uncommon first Systemic Lupus Erythematosus manifestation: a case report
Furlanis	Giovanni	Trieste	Università degli Studi di Trieste e Udine	Lacunar Stroke and Testosterone therapy in Female to Male Transgender: A case report
Gagliardi	Delia	Milano	Università degli studi di Milano	Sensory disturbance and sphincter dysfunction in a slowly progressive motor neuron disease caused by a novel SOD1 mutation
Galletta	Santi	Messina	Degli Studi di Messina	Herbal supplements: the danger in taking them

**VINCITORI PROGETTO GIOVANI  
49° CONGRESSO SIN ROMA 2018**
